CUSTOM CONTENT WITH OTHER MODELS (include model fees, organising & production)

CUSTOM SERVICE	GUIDE PRICE	DETAIL
Non-Explicit Video with an Additional Model **	From \$380*	– Minimum 10 minutes . Additional 5-minute increments: +\$100 .
Explicit Video with an Additional Model	From \$460*	– Minimum 10 minutes . Additional 5-minute increments: +\$120 .

** Prices include a standard model fee. The final model fee may vary depending on your specific requirements, including the type of performer requested, whether the performer shows their face, and the complexity or nature of the requested content. Any adjustment will be discussed and agreed with you before your order is accepted. I occasionally have models available who are happy to participate without a fee. However, this requires flexibility on your part, as they are not professional performers and need to maintain their anonymity. As custom videos involving additional performers require coordinating the schedules of two or more people, they involve considerably more preparation and cannot be produced with a quick turnaround.*

*** For pricing purposes, standard spanking videos are considered **non-explicit**, provided they do not include sexual interaction, sexual acts, or explicit sexual content.*
